	Nov	11–15, 11–30	11–17 Low	Strong Bear		11–15
	Dec			Bear (weeks 1–2)		

¹ 12 TP Validated means stronger TP dates in the sense of having received validation from any of the indicators in (2)–(3)–(4). All 12 dates in the TP Candidate column have a noticeable probability of being an actual TP but the probability is even higher for those reported in the validated column.
